

CCC Cleaning Roster

During November Don Gould asked committee members what issues were important to them in our suburb. The number one issue of importance is the cleanliness of our area. Following his promotion to Chairman in December, Don set out on a mission to do something about the problem.

Local councilors said that they felt more cleaning needed to be done. Before we could realistically ask for more we needed to find out how much is being done and when.

The CCC provided us with the roster for the CRRA area.

Street	Sweeping	Riccarton Area	Street	Channel Type	Sweep Frequency
